**This Financial Services Guide (FSG) provides you with key information about services offered by Pulse Markets Pty Ltd. You should read it carefully and make sure you understand it.**

This FSG is dated 23 April 2018 and has been prepared by Pulse Markets Pty Ltd (AFSL 220383; ABN: 67 611 426 941) (Pulse Markets, we, our, us). It is made up of this document, and a separate document that names our authorised representatives that are authorised to provide financial services on our behalf and whom we have authorised to distribute this FSG. It also contains any additional details about the financial services they are authorised to provide on our behalf. A reference to ‘we’, ‘us’ or ‘our’ in this FSG includes a reference to our authorised representatives unless specified or the context requires otherwise.

The purpose of this FSG is to inform you of the financial services Pulse and its authorised representatives are able to provide, and to assist you in deciding whether to use any of the services offered in this FSG.

## 2. Further Disclosure Documents we may provide you

Pulse Markets will provide clients with documentation to facilitate transactions including client agreements, terms and conditions and confirmation of transactions. We have a separate FSG in respect of our managed discretionary account service (MDA service).

Where we make a recommendation on a product (other than securities listed on the ASX) to a retail client, we will provide a **Product Disclosure Statement (PDS)** which will assist you in deciding whether to acquire the financial product. The PDS contains important information about the product features, benefits, risks and fees associated with that particular product. The PDS should be read carefully to enable you to make an informed decision about whether to utilise the product.

Please note that a PDS is generally not required for investments in listed securities. You should ensure that you understand the risks and procedures before investing in securities. You will receive your contract notes (confirmations) from the market participant. You should contact the service provider if you do not receive a contract note or if there are any discrepancies immediately.

You are entitled to receive a **Statement of Advice (SOA)** if we give personal advice if you are a retail client. Personal advice is advice that takes into account your personal objectives, financial situation and needs. We will only provide personal advice to you where you have requested that we provide, and we have agreed to provide, personal advice to you. The SOA will set out the advice and will include information regarding the basis on which the advice was given, information about any fees payable or received in providing the advice, and relationships or associations that may have influenced the advice, and a warning where the advice has been provided based on incomplete information. The SOA presents the advice and basis on which it was given.

Where you obtain regular advice from us, once we have provided you with an initial SOA a further SOA may not be provided each time we provide you with further advice so long as your circumstances and the basis of the

advice are not significantly different to your circumstances at the time the initial advice was provided. However, we are required to keep a record of any such advice we provide. You may request from us a copy of the **Record of Advice (ROA)** which we will keep for up to 7 years after the advice was given.

We can assist with providing advice as to whether an MDA service is appropriate for you, recommend an investment program for you, assist with construction of your investment portfolio, and execute transactions, such as acquiring and disposing of securities forming part of your investment portfolio on your behalf. If we advise you about investing via our MDA service, separate disclosure documentation, including FSG and SOA, will be given to you. The SOA will contain your investment program and information on:

Pulse Markets will forward completed application forms to the product provider. The product provider undertakes the assessment of client's income and liaises directly with the client on all subsequent events such as credit assessment, loan to valuation limits, margining etc. Pulse Markets will not notify the client of a margin call.

## 7. Who we act for when providing financial services to you

Pulse is responsible for the financial services described in this FSG that are provided to you by Pulse or by our authorised representatives. When providing you with financial services, we will generally be acting on your behalf, and our authorised representatives will also be acting on behalf of Pulse. In arranging for a third party to provide services to you, Pulse Markets will act as your agent, not as the agent of the third party. In certain circumstances, Pulse Markets or its associates, officers or employees may also be acting on behalf of other parties (see Conflicts of Interest below).

## 8. Our Advice and Responsibilities

While Pulse Markets and our authorised representatives are authorised to provide personal advice, we primarily provide general advice and execution only trading services. If we provide 'general advice' only to you, it is important to remember that this 'general advice' will not take account of your personal objectives, financial situation or needs. Therefore, we recommend that you take all reasonable steps to fully understand the outcomes of specific products and strategies adopted in relation to utilising the services provided. Newsletters and research papers are also examples of general advice we may give you.

### a. Personal Financial Advice

We will only provide personal advice to you where you have requested that we provide, and we have agreed to provide, personal advice to you. Personal advice is advice provided when your Adviser has considered one or more of your investment objectives, financial situation and needs. For us to give you appropriate personal financial advice, you will need to provide details of those personal objectives, your current financial situation, needs and any other relevant information.

You do not have to provide us with this information. If you choose not to provide this information, however, we may not be able to provide you with advice, or the advice you receive may be general in nature and may not be appropriate to your objectives, financial situation and needs. You should read the warnings provided, and any document that we provide to you carefully in regard to any decision relating to advice given and acquiring, holding and disposing of financial products.

We only provide personal advice to you where you use the services of one of our representatives or authorised representatives. We will not give you personal advice in our regular updates or marketing material or when you visit our website.

We maintain a record of your completed personal profile including details of your objectives, financial situation and needs.

We also maintain records of any recommendations made to you.

For wealth management products (for example, MDA services), where personal advice is given, Pulse Markets follows the steps below.

1. Gathering financial data - such as details of your income and expenses, goals and objectives etc.

2. Gather the relevant personal circumstances that you have disclosed and determine whether this is sufficient information to provide advice on the products or services that you seek.
3. Conduct a reasonable investigation into the financial products that may achieve your objectives and meet your needs
4. Take any other step that would reasonably be regarded as being in your best interests
5. Preparing your SOA. This will identify recommended investments and will address your attitude to risk.
6. Implementing the advice.
7. Reviewing and revising your advice as to ensure it stays up-to-date and relevant to the economic climate and your changing lifestyle.

#### **b. Limitations on the Advice provided**

It is important that you understand that the advice your adviser provides may be limited because:

- you have only provided selected personal information
- you have sought scaled or limited advice e.g. only in respect of a security or securities
- your adviser has limited authorisation e.g. is not a tax agent
- your adviser is restricted to advising on products on that are Pulse Markets approved products
- your adviser is restricted to dealing and advising only on the products described in our licence.

In formulating recommendations, your adviser does not consider taxation, legal and estate planning implications. As we are not specialists in these areas, you should seek further advice, as relevant, from an appropriate specialist. If you want specific advice, you should consult a specialist.

If arranged with your adviser, Pulse Markets can provide limited personal advice that is limited to a particular financial product range and/or based on limited relevant personal information. This may mean the advice and resulting investment may not be appropriate to your individual investment objectives and personal circumstances. You should make your own assessment of the appropriateness of any such advice. If we provide you with personal advice, you will receive a SOA. If we provide you with further personal advice after already providing you with an SOA, we may not give you a SOA but you can request a copy of the Record of Advice (ROA) in writing from Pulse Markets up to 7 years after the advice is provided.

#### **c. General Advice**

While Pulse Markets believes the general financial product advice and information we provide is accurate and reliable, Pulse Markets will not assume any responsibility for the accuracy and completeness or currency of that advice and information.

### **9. Products and services provided by us**

Pulse Markets may provide you with an execution-only service and/or may provide you with general or personal advice in relation to the authorised financial products. Pulse Markets also arranges for you to be supplied with financial services and products issued by non-related product providers. Pulse Markets may receive a fee or commission payment from these non-related issuers as a result if you are provided with one of their products or services.

Pulse Markets is the issuer of the Pulse Markets MDA service and remuneration received from clients invested in the MDA service is disclosed in the FSG for the MDA service.

### **10. Instructing us**

You can give instructions to us in any of the following ways:

- by the telephone (note your telephone calls to us may be recorded);
